- Search for newly assigned identifiers or search for an issuer's securities using 15 predefined parameter's (issuer name, security description, dated date, coupon, maturity date, update date, etc.)
- Data retrieved in XML format
- Access to database without hosting in house

## About CUSIP®

The financial services industry relies on our unrivaled experience in uniquely identifying instruments and entities to support efficient global capital markets. Our extensive focus on standardization over the past 45 years has helped us earn the reputation for being the trusted originator of quality identifiers and descriptive data that are interoperable among regulators, banks, vendors, exchanges and depositories. This ensures that essential front- and back-office functions continue to run smoothly.

CGS is managed on behalf of the American Bankers Association (ABA) by S&P Global Market Intelligence, with a Board of Trustees that represents the voices of leading financial institutions.

Subscription services provide data access directly from CGS. Data is also available through authorized redistributors and may be subject to a separate CGS license.
