The Service

CGS 144A file links related issues from the same private placement offering document. Based on the type of investor allowed to purchase these securities, CUSIPs are assigned for each type of qualified institutional buyer that can purchase a part of the offering.

*Standalone 144A securities are also included.

Features

- Links related securities from the same private offering memorandum
- Provides CUSIP numbers for 144A, Accredited Investor and Registered issues
- Provides CINS for Regulation S issues
- Identifies groups of securities based on qualified investor type

Benefits

- Identifies 144A securities that are linked to other CUSIP/CINS identifiers from the same offering to better understand exposure and reduce clerical errors
- Risk management

Linked CUSIPs Include:

- **144A** – Securities that can be traded among institutions at any time eliminating Rule 144's two-year lock up period, without having to register with the U. S. Securities & Exchange Commission (SEC); standalone 144A securities are also included
- **Accredited Investor** – Purchasers of privately placed securities issued pursuant to Regulation D
- **Registered Issues** – Securities publicly registered with the SEC that were previously offered in a private placement usually with registration rights
- **Regulation S** – Securities that are available for offer and sale outside the United States and not registered with the SEC

Standard Delivery

- Initial Master File and Daily Update File delivered via SFTP
